

The first name in wire processing

# 45-712

## Premium Wire De-Reeler

### MAIN FEATURES

Improve your wire processing system by including the Artos 45-712 Premium Wire De-Reeler.

The 45-712 is simple to load and features wire storage pulleys to ensure a smooth and continuous unwinding of your wire.

This benchtop unit will handle wires from 30 to 8 AWG (0.05- 8 mm<sup>2</sup>) and spools up to 16" (406 mm) diameter.
