

INTERFACE FOR KIP 20 TO ARTOS EQUIPMENT

REV 1 03/27/2017

CS336 CS337 CS338

5-140136 External interface box/cable. Internal cable is included on all machines.

CS326

5-140205 External interface box/cable. Includes generic internal cable 5-138018.

CS327

5-140205 External interface box/cable. Includes generic internal cable 5-138018. Internal cable 5-143607 is technically required, but 5-138018 will work, it just has longer wires.

CR11 CR22

5-146091 KIP-20 Hot stamp marker, external interface cable. Includes internal cable 5-145448.

5-146097-x Straightener bar assembly for machines that have Kingsley KIP20 wire marker. Single wire straightener bar. Obsolete straightener design.

5-148126-x Straightener bar assembly for machines that have Kingsley KIP20 wire marker. Single wire straightener bar. Slotted guide design.

5-147968-x Straightener bar assembly for machines that have Kingsley KIP20 wire marker. CR11, CR22 and CR22A and CR22D. Dual wire straightener bar.

MTX

5-140998 External interface box/cable. Internal cable 5-138018 is included.

5-142254-x Mounting kit, Kingsley KIP-20 marker, special type wheels. For MTX-5 with short (43.5") electrical box.

CS26

5-142513 External interface box/cable.
